A-Ticket-A-Tasket

a different kind of basket

During LENT (or at another time more appropriate for your school) have the young missionaries make a different kind of basket (or box). There are no chocolate bunnies or marshmallow eggs here!!!

Have a discussion with the children about “taking things for granted.” Select a program or project from below or another you would like to collaborate with. Each class in the school can be assigned a few different items and the mission club can later put the “baskets” together for distribution. Or participating classes can each complete their own outreach basket. Lower, Middle and Jr. High could be assigned different home/foreign mission A-Ticket-A-Tasket how many Easter baskets can the school fill to bring Easter /Resurrection joy to other parts of the Body of Christ? (Please contact the Mission Office if you have any questions: 504-527-5771)
