***Dental Mission
Granada, Nicaragua***

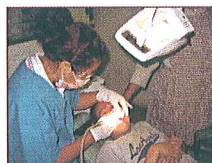

**Providing quality dental
care for the people of
Granada, Nicaragua.**

Our Mission

To provide and promote quality dental care to the poor of Granada, Nicaragua.

Our Goals

- Establish and maintain dental clinics
- Offer quality dental care to adults and children in poverty areas
- Work with local dentists to provide preventative dental methods
- Provide year round dental care through missionary participation and local dentistry

Nicaraguan Dentist in Granada

Established in 1999 the clinic has evolved from a missionary clinic to a year round full operational clinic.

Dental Clinics

Presently we have two clinics:

Cristo Sana Acuna Matata

- a three operatory clinic staffed by two full time dentists and assistants. Open year round, clinic fees sustain assistants salaries and upkeep of clinic.

St. Carmen Clinic

- a community based clinic that is open according to need.

Dental services are provided for a nominal fee and there is no cost for children between the ages of 6-12.

Dentists salaries are paid by donations and fundraising efforts through the Pontifical Mission Societies, Archdiocese of New Orleans. The dream is to open the second clinic full time and fully staffed.

Missionary Activity

Three trips are planned each year. The purpose of these trips are to do short term mission work, work with Nicaraguan dentists, teach endodontic and other specialty procedures. US Dentists and their assistants travel with their own supplies for the dental mission. While the missionaries are working the clinics there is no cost for dental care.
